DISTRICT SUNDAY SCHOOL WORKERS WILL MEET HERE

Afternoon and Evening Sessions Sunday at Christ Lutheran Church.

SPEAKERS BEING SECURED

Efforts to Have Most Noted of Centennial to Make Addresses in the Evening.

Arrangements have been completed for the Sunday School convention of the First Washington county district of the Charleroi district of the Washington county Sunday School association, to be held at the Christ Lutheran church here on Sunday afternoon and evening. From the way matters are moving at the present time, it will be the most successful district convention ever held in this section. An effort is being made to secure for the evening two speakers that are in attendance at the Christian centennial in Pittsburgh, who are men of National repute.

The afternoon session will begin at 2 o'clock. Special music will be furnished, the M. E. orchestra to have charge of this. The evening session will begin at 7 o'clock, and it is likely that the Charleroi Choral society will have charge of the music.

In the afternoon the meeting will be known as a fellowship meeting, and 100 persons will take part. A mass meeting for the children will be held at this time in the Methodist church, which is only a short distance away. The evening session will be in the interests of the Organized Adult Bible classes, and forty organized classes will be represented.

The speakers who have thus far been engaged for the occasion are Rev. G. G. Kerr, county president of the Sunday School organization; Mrs. Mary Stewart, county secretary; B. S. Furrythe, a State secretary, and Rev. Murray Reiter, of Canonsburg. Messrs. Adlake and Crossfield are the two men whom the committee is trying to secure for the principal evening addresses.

Among the other features of the day will be reports from the State convention. There are a number of Charleroi people in attendance there, and each one will be given a few minutes in which to make a report. Officers will be elected for the coming year. The district includes 15 schools, 10 of them being in Charleroi. The others are Ebenezzer, Speers, Dunlevy, Allenport and Vesta. Joseph Kenyon is president; T. J. Allen vice president; Miss Grace Gelder secretary and treasurer; Frank Vilella, foreign secretary; Prof. W. D. Wright, now resident elsewhere, superintendent of teachers' training department; J. T. Hackett, superintendent of adult Bible class department; Miss Bernette McDonough, elementary superintendent; James Meyers, temperance superintendent. Reports will be heard from these different departments.

Field Meet Proves Rather Interesting

Not a Large Crowd at Monessen Event, but Races are Good.

The first annual field and tract meet of the Monongahela Valley A. A. was held at Monessen yesterday afternoon, but was not well attended. The various events were pulled off, however, and proved interesting.

The five mile run was won by Frank Wiley, the noted runner of California, his time being 29 minutes. M. M. Lyle, of the same place was second.

COMMISSIONERS HERE YESTERDAY

Favor Lump Contract for Construction of Bridge Approaches.

CHARLEROI FALLS IN LINE

County Commissioners W. J. Smith, J. A. Berry, and Thomas Hill, and County Engineer Chaney were here yesterday to make arrangements if possible to let the work for the bridge approaches of the Maple Creek bridge in a lump contract. The bridge is in course of construction now, and it is necessary to have the approaches completed soon. The structure is over Maple Creek, from Lincoln boulevard into Speers borough.

The commissioners came over in the afternoon in an automobile, and were to have met representatives of both boroughs, the business to be transacted at once. Members of the Charleroi council and some from Speers were present, but not enough to take action.

Last night County Engineer Chaney appeared before the Charleroi council and they took action to the effect that they would agree to the letting of the contract for the constructing of the approaches in lump form. Speers borough council will meet tonight and take action on the matter.

It is preferred to award the contract this way because it would be cheaper and more satisfactory. The commissioners and the Charleroi council are agreed and it is thought that the Speers council will fall in line. If so bids will be advertised for, to be presented to the two boroughs and the Board of Commissioners, so that each body may judge as to the cheaper method, and there be no delay in the awarding of the contract. The approach would probably be 300 or 4,000 feet in length and five or six feet deep, and 16 feet high.

Notice of Error.

GAS CHEAP DOWN RIVER

Monongahela Pays only 10 Cents Per Thousand Cubic Feet.

COMPETITION THE REASON

Monongahela people are happy from the fact that while the gas prices in other towns hereabouts are being raised they still maintain a very low rate. There are two companies in Monongahela, the Monongahela and Bellwood, and the Citizens. As a result of this competition the price is but 10 cents per thousand cubic feet, with a discount of five per cent for prompt payment. Until about three years ago the first named company had everything its own way, and charged 20 cents per thousand cubic feet. When the Citizens company located at Monongahela and cut the former price in half the Monongahela and Bellwood company had to do likewise. Both are home companies.

AFRICAN METHODIST CONFERENCE AT END

Charleroi Gets Same Minister it Has Had for Year.

Rev. G. G. Skinner has been returned to the pastorate of St. James A. M. E. church of Charleroi where he has been doing efficient work during the past year. The annual A. M. E. conference at Pittsburgh adjourned Monday afternoon after having been in session nearly a week. The assignment of pastors for the coming year was given out Monday, those for the South Pittsburgh district being as follows:

Presiding Elder—W. S. Lowery. Canonsburg and McGovern—C. A. McGee.

Washington—T. J. Askew. West Middletown—B. Wheeler. Charleroi—G. G. Skinner. Pricedale—To be supplied. West Newton and West Elizabeth—T. A. J. West. Brownville and Pike Run—M. A. Hunter.

Uniontown—R. H. Morris. Clairton—J. A. Lotterbury. West Connelville—L. V. Jones. Donora—H. G. Payne. Belle Vernon—C. Addison. Greensburg—C. R. Goggins. Waynesburg—J. S. Smith. Monessen—H. G. Thomas. Bradock—C. M. Tanner.

ARE GAMES WON BEFORE PLAYERS GO ON FIELD?

That the games between Pittsburg and Detroit were decided before the players entered the field in the four contests played thus far, is the charge made this morning by a Pittsburg morning newspaper. It says that the games have been won in box offices and quotes a sporting man who says that he is absolutely satisfied that the games were not decided fairly. A player is said to have told a Pittsburg man, who reported the same to a Charleroi merchant that Pittsburg was "going to try hard to win the games," but advising at the same time the Pittsburg man not to bet on the results.

The usual crowd of fans went to Pittsburg this morning to attend the baseball game between the Pirates and the Detroit Tigers.

MONESSEN MEN WON'T EVEN SO MUCH AS HELP THEIR WIVES PREPARE MEALS

Leave the Work of Maintaining Home to Better Halves, it is Said, While They Loaf.

Because he refused it is said to so much as carry a bucket of water for his wife, who is forced to keep boarders to make a living, Charles Poth of Monessen was taken to jail at Greensburg this morning to await a hearing on the charge of desertion and non-support. He was held for court by Justice Watkins at a hearing last night.

David Fritz of Monessen is in the Monessen lockup, awaiting a hearing of charges of desertion and non-support, with it is said, his wife will make. She has heretofore been the breadwinner. It is stated.

LEAVE FOR HARRISBURG

Local Delegates to Sunday School Convention go this Morning.

REV. KERR WILL SPEAK

The Charleroi delegates to the State Sunday school convention, which opens today at Harrisburg, and continues three days, left early this morning for Harrisburg. In Pittsburg they will join the Washington county delegation and with them make the trip. In the Charleroi party were Rev. G. G. Kerr, and son, Gibson, Misses Grace Gelder and Jessie Speers, from the Washington Avenue Presbyterian church; Rev. J. T. Hackett and Miss Mabel Strausser from the First Presbyterian church. Mrs. D. F. Worthington, representing the Christ Lutheran Sunday school is already in Harrisburg.

Rev. Kerr goes not only as a Charleroi delegate, but he will also speak both on Thursday and Friday. On the former day he will make an address on "Saving the Boys," and on Friday, his topic will be "The Home Department as a Spiritual Force." H. J. Heinz, of Pittsburg is the president of the State Association.

LENHART MUST SERVE SENTENCE

Superior Court at Philadelphia Decides Recently.

The Pennsylvania Superior Court sitting at Philadelphia affirmed the judgment of the Washington county court in the case of the Commonwealth against William L. Lenhart, convicted last February of conspiracy to defraud the Peoples Bank of California and sentenced on February 20, to pay the costs, fine of \$500 and undergo imprisonment in the Western penitentiary for a period of two years. O. F. Piper, the former cashier of the bank, is now serving out a sentence of two years in the penitentiary in connection with the same charge. The latter was sentenced on February 22, 1909, after the disposition of the Lenhart case. A year before Piper had entered a plea of nolle contendere to the charges against him in connection with the wrecking of the Peoples Bank of California.

The affirmation by the appellate court of the lower court's decision means that Lenhart must surrender himself to the sheriff and be taken to the penitentiary to begin his sentence. If he fails to surrender he will forfeit the \$5,000 bond that he filed, pending the appeal. It is not likely that the case will be taken any higher.

To take an appeal to the Supreme Court it is necessary that an affidavit be filed averring that there is a constitutional question involved. It is understood that Lenhart is at present in Chicago where he has been employed by the Armour company.

BETTER SCHOOL ORGANIZATION

Kansas Has Better System than Pennsylvania Says Prof. Wright.

Prof. W. D. Wright of St. John, Kansas, late superintendent of the Charleroi public schools, writes a most interesting letter to the Mail, which his many friends here will be delighted to read. Prof. Wright resigned his position here on account of the ill health of his little daughter and is now located at St. John, where he is assistant principal in the high school and normal department. He says:

To the Mail: It is now a little more than four months since I left your city with all its ailments for the great west with nothing to attract one but wheat and cornfields, no amusement parks, no electric roads, no great theatres, no hills and valleys with all their beauties, no friends, only strangers, "Jayhawkers," and hills, "devil's claws" and storms.

MILK QUESTION AGAIN UP BEFORE BOROUGH COUNCIL

COMMISSION DOES NOT STOP HERE

Covering the Monongahela Division and South Western Parts Today.

HEARING TROUBLE STUNT

It is not there thought will be any trouble experienced in getting the Lutheran Synod which convenes Thursday at Beaver, to hold their next convention at Charleroi. Rev. Frontz said this morning that the movement was started last year, and had been pushed at every opportunity since. He has quite a number of good friends in the synod who are assisting him to get the convention to come here.

The Pennsylvania State Railroad commission, consisting of Judge Nathaniel Ewing of Uniontown, John Y. Boyd of Philadelphia, Charles N. Mann of Harrisburg, and Harry S. Calvert of Pittsburg, passed through Charleroi this morning at about 9:30 o'clock on a special train, but did not stop. They are investigating condition over the various roads of the State having been specially appointed for this purpose. They listen to complaints and will afterwards make their report. They went on to the Monongahela road this morning, and before evening, when they will return to Harrisburg, expect to cover part of the B. and O. tracks and some more of the Pennsylvania. Their principal stunt seems to be the hearing of grievances.

Committee Present from Association and Matter is Discussed.

MAY BE SETTLED SOON

Special Committee Appointed to Meet With One to be Named by Dairymen.

At last there is some prospects of the much discussed milk question being settled. Last evening a committee composed of Floyd Bonnell, William Sphar, Van Robison and Noah Carson of the Milkmen's Association, met with council and the ordinance recently passed concerning the sale and delivery of milk in Charleroi discussed. As a result a special committee was appointed from council consisting of James Frew, H. S. Pierisol and C. O. Frye to meet with one to be appointed by the milkmen on Friday evening, both to be given power to act. At the meeting to be held soon thereafter it is hoped to accomplish some results.

An ordinance from the West Side Street Railway company, in which they promised to deed part of certain property at the northern end of town to the borough in return for certain rights, passed first reading. As was previously stated in these columns, the company desires to erect a car barn at the lower end of town, and wants to gain part of the ground where Lincoln avenue now is. It is also proposed to change McKean avenue and have it extend up to 46th street, from Thirteenth street to the intersection of this borough with North Charleroi.

Garbage Hauler Samuel Nutting was present and stated that he would pay his debt to this borough this morning. He said that he was putting his wagon in sanitary shape. William Gault's bill of \$1,186.96 for rebuilding the garbage plant was presented and ordered paid, with instructions to Mr. Gault to make a few changes in the plant.

The tax collector's report for the past month was read and accepted. It showed that \$22,468.96 had been placed in the hands of the treasurer. Ninian Fram was elected borough electrician to take the place of Walter Crow, resigned.

Law and Religion.

In an address at the Knights of
Columbus banquet in Pittsburgh last
night Bishop Regis Canevin of the
Pittsburgh Catholic diocese, struck the
keynote of Christian citizenship when
he said:

The sacredness of contracts and
oaths and promises, the sanction of
laws, the justice of courts, all rest upon
the obligations of religion. Without
authority and obedience and justice
society would perish by fraud and
violence; without mutual confidence in
contracts and promises, no civil life
could be held together. The last and
only security a people can have for
the justice of rules, legislatures and
courts of justice is that they recognize
a supreme law as their guide and a
supreme law giver from whom they
derive their authority to bind the wills
of men. "Let every soul be subject to
the higher powers, for there is no
power but from God and those that
are ordained of God. Therefore he
that resisteth the power, resisteth the
ordaine of God and they that resist
purchase to themselves damnation."

This is what the obligations of re-
ligion impose upon the individual, and
which in turn makes him a good citi-
zen. It is only by the general obser-
vance of these obligations that law,
order and personal liberty are main-
tained, and on which depend the free
and progressive development of every
intellectual faculty with which the in-
dividual is endowed. The relation of
the church to law and government is
therefore obvious. Religion is the
keynote of civic righteousness.

No Tax on Whisky.

At the big Christian Church
Brotherhood meeting in Pittsburgh last
night a new feature was introduced
in the fight against the liquor traffic,
which bids fair to become a National
issue. This is the abolition of the
Federal tax on liquor, and the substi-
tution of the tax on incomes to sup-
plant the revenue derived from the in-
ternal revenue tax. The proposed
Constitutional amendment permitting
this income tax was heartily endorsed
by the Brotherhood, and Senator
George T. Oliver of Pittsburgh, Con-
gressman Wm. H. Graham of Alle-
gheny county and Congressman Champ
Clark of Missouri were constituted a
committee to further in Congress tem-
perance legislation.

By removing the Federal internal
revenue tax on liquor and leaving each
State to deal with the problem, the
friends of temperance contend that the

matter is directly in the hands of the
people. The Federal system of tax-
ation has long been a stumbling block
in temperance legislation. In that the
need of this revenue by the Govern-
ment is obvious, and no other source
of taxation presented itself. Now that
the income tax is possible, the
issue has been launched to substitute
this for the system of whisky, beer
and wine taxes. The Christian
Brotherhood has issued a call for all
the church organizations to take the
matter up, and it is probable that the
issue will figure largely in the work
of advancing the cause of temperance
and sobriety in the future.

State Uniformity.

Prof. W. D. Wright's letter from
St. John, Kansas, in which he gives
a brief outline of the uniformity as to
course of study in the Kansas schools,
calls attention to the serious defect in
that respect that exists in our own
schools. In point of organization and
uniform work Kansas is far and away
ahead of Pennsylvania in the conduct
of her public school.

Pennsylvania has lost much time
and effort in its school work, by leav-
ing the organization and courses of
study in the hands of the local officials.
This is particularly the case in the
rural schools where rotation of teach-
ers keeps the schools from advancing
year after year. With a different
system of text books in practically
every district a new teacher has no
means of knowing the standing of the
pupils of an ungraded school, and must
make a new start each term. One
pupil cannot step from one school in-
to another without a break in the
course, as can be done where uniform
courses and text books prevail. A
lack of this system has been a great
detriment to the public schools of
Pennsylvania, in spite of the liberal
appropriations made for school pur-
poses.

It was this system of uniformity
that was adopted in Japan when popu-
lar education was made compulsory in
the Flowery Kingdom, the progress
of which has been a marvel of the
age. By adopting this method Japan
accomplished in a generation what
many of our own States have not yet
attained after several generations of
effort. As a rule our borough schools
do not suffer so much in this respect,
but the rural schools are badly handi-
capped for lack of organized and uni-
form effort.

they could take a lesson or two from
this place in the art of politeness.
For instance train their citizens to

rushing (not walking) the streets.

It begins to look as though Lenhart,
of California bank fame, will not have
such an easy time escaping from
what's coming to him. The trouble
with him, however, is probably the
fact that people will not be sorry.

To be a successful bandit of the

Which accounts for the many failures
at the business.

Foreigners will pretty soon begin
to think they are badly treated, but
when they learn that they must help

to do any shooting at that, the better
it will be for them.

As a rule the Freshman win the

also know of something one Freshman
won at that educational institution,
this particular something being a

FIRST BIG GAME HERE SATURDAY

The first football game of the sea-
son of the Charleroi football team will
be played here Saturday afternoon,
when the Brownsville team will line
up against the locals. The game will
be started at 3:30 o'clock, and a good
clean contest is expected. The field
will be in the best of shape and well
roped off, so that there will be no
crowding of the teams. The Browns-
ville team is one of the fastest along
the valley, and already in the few
games played has gained considerable
of a reputation. It is argued that
Charleroi will have the strongest team
in its history, and make the visitors
hustle for all they get. Both teams
will weigh in the neighborhood of 160
pounds.

A Fashion Garrick Killed.
Women of England in the eighteenth
century wore large hats. Samuel Rog-
ers once traveled to Ranelagh in the
same coach with a woman who was
compelled to sit on a stool on the floor
of the coach on account of the incon-
venient height of her headdress. Han-
nah More, who was all for simplicity
in costume, writes in her diary that
she has seen women wearing on their
heads "an acre and a half of shrub-
bery, besides slopes, grass plots, tulip
beds, clumps of peonies, kitchen gar-
dens and greenhouses." The credit of
killing this fashion is given to Garrick.
He appeared one night on the stage
with a mass of vegetables on his head
and a carrot suspended from each
side, to the shame and confusion of
many fair members of his audience.

Answer This Question

When shown positive and reliable proof that a certain
remedy had cured numerous cases of female ills, wouldn't
any sensible woman conclude that the same remedy would
also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia
E. Pinkham's Vegetable Compound.

Red Banks, Miss. — "Words are inadequate to express what
Lydia E. Pinkham's Vegetable Compound has done for me. I
suffered from a female disease and weakness which the doc-
tors said was caused by a fibroid tumor, and I commenced to
think there was no help for me. Lydia E. Pinkham's Vegetable
Compound made me a well woman after all other means had
failed. My friends are all asking what has helped me so much,
and I gladly recommend Lydia E. Pinkham's Vegetable Com-
pound." — Mrs. Willie Edwards.

Hampstead, Maryland. — "Before taking Lydia E. Pinkham's
Vegetable Compound I was weak and nervous, and could not
be on my feet half a day without suffering. The doctors told
me I never would be well without an operation, but Lydia E.
Pinkham's Vegetable Compound has done more for me than all
the doctors, and I hope this valuable medicine may come into
the hands of many more suffering women." — Mrs. Joseph H.
Dandy.

We will pay a handsome reward to any person who will
prove to us that these letters are not genuine and truthful
— or that either of these women were paid in any way for
their testimonials, or that the letters are published without
their permission, or that the original letter from each did
not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable
Compound has been the standard remedy for
female ills. No sick woman does justice to
herself who will not try this famous medicine.
Made exclusively from roots and herbs, and
has thousands of cures to its credit.

Mrs. Pinkham invites all sick women
to write her for advice. She has
guided thousands to health free of charge.

BETTER SCHOOL ORGANIZATION

(Continued from First Page.) and jackrabbits; to help a fellow get a foot hold. We struck a comparatively young town as you may see by the printed matter on the back of this sheet.

I with my family arrived in St. John on June 17, 1909, right in the midst of a Kansas rain. This lasted for three days and then came along drought which lasted till the 4th day of August. This suited us splendidly, for immediately upon our arrival here we decided to erect a house for our home, feeling that with all the improvements here we could not lose even though we should stay only one year. During this time we lived almost entirely outdoors, which we feel was a splendid thing for our daughter Lillian, as she gained right along until she became better than she ever was in her life. She continues so to this day.

While this dry season was very favorable to us it was very hard on garden truck and potatoes. Later frost had destroyed most of the fruit and this dry spell completed the job. We have absolutely no fruit of any kind and very little garden produce, but this is the exception and not the rule for this district. Apples are selling at \$1.20 to \$2.00 per bushel and still going up. The best steak sells at 15 cents while roast and boils range from 6 to 10 cents; eggs 15 to 20 cents and butter 15 to 25 cents per pound.

The farmer is the rich man of this district. This is due to the productivity of the soil. I have met several renters who have cleared up from three to five thousand dollars during the last wheat harvest, and several landlords who have received a thousand or more on an investment of from four to six thousand dollars. The wheat harvest here yielded from 16 to 42 bushels per acre.

Interesting as these things are to me, the schools are even more attractive. Kansas has State uniformity of text books and courses of study from the five year old child to the graduates of the Kansas University. I wish I could tell you the particulars of the splendid State organization of schools here. The State department is directly interested in the teacher of the rural school of only two pupils, and it lends a most helpful hand through the department of county superintendence.

I teach four classes each day. Each class requires forty minutes of my time. I have no other responsibility, and can utilize the other time as I see fit. We have six teachers in the High School and about 125 pupils. What do you think of that for a town of about 1,600 population?

We are all happy and well and enjoying the blessings of sunshine almost every day. There have been only two days since we arrived here that we have not seen the sun for an hour or more. This is accurate for I am keeping a record of the weather for the sake of our child.

W. D. WRIGHT.

The printed matter referred to by Prof. Wright states that St. John is the county seat of Stafford county, and has a population of 1,600. The town has a \$40,000 system of electrical lighting and water works; a ten-room high school building, a \$12,000 convention hall; a manufacturing company with a capital stock of \$50,000; a flouring mill involving a capital of \$150,000; two banks with nearly \$1,000,000 in deposits, and seven churches. Fifty houses have been built there in one year, and the claim is made that real estate has doubled

in value during the year 1909. For a town of only 16,000 this is "going some."

MENDELSSOHN CHORUS PREPARES FOR SEASON

Every preparation has been made by the Mendelssohn Male Choir for the greatest triumph of its history at its initial concert this season at Carnegie Music Hall, Pittsburgh, October 29, when the great Greek tragedy, "Antigone," set to music by Mendelssohn, will be rendered with the assistance of David Bispham, the celebrated baritone and dramatic reader, and the augmented Pittsburgh Festival Orchestra. Many rehearsals have been held by the Mendelssohn Choir and the attendance has been almost perfect. Conductor Ernest Lunt believes that the coming concert will surpass anything ever before given in Pittsburgh.

A schoolmaster who is in the habit of selecting extracts from his morning newspaper for dictation exercise read the other day a passage in which occurred the term "dead heat."

"Jones," said he, addressing an inattentive pupil, "what do you mean by 'dead heat'?"

"Please, sir," the youngster replied, "it's the heat of the place had people go to when they're dead."—London Schoolmaster.

TO AILING WOMEN

A Little Sound Advice will Help Many a Sufferer in Charleroi.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladder become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache, sideache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that cures sick kidneys. You will get better and health will return when the kidneys are well. Let a Charleroi woman tell you about Doan's Kidney Pills.

Mrs. M. E. Richards, 616 Washington avenue, Charleroi, Pa., says: "A short time ago I was suffering from severe pains in my back, which extended into my head. I was also subject to chills and spells of dizziness, during which dark spots appeared before my eyes. I was nervous and constantly worn out. I knew of Doan's Kidney Pills, having used them for backache before and I procured a box of this remedy at Piper Bros' drug store. It required the use of just one box of Doan's Kidney Pills to cure me and I gladly recommend them."

MUST KEEP BENCH FREE OF POLITICS

Munson, Democratic Nominee For Supreme Court, Criticized.

HIS TACTICS CONDEMNED

Touching Elbows With All Kinds of Politicians in Tour of the State and With a Pathetic Appeal For "Complimentary" Votes From Republicans.

(Special Correspondence.)

Harrisburg, Oct. 12.

Members of the judiciary and lawyers generally throughout Pennsylvania are commenting adversely upon the remarkable campaign that is being conducted by C. LaRue Munson, the Democratic nominee for associate justice of the supreme court, in his own behalf.

This ambitious gentleman has cast aside all regard for precedent and has ignored traditions of the legal profession in making a political canvass for election to the highest judicial tribunal in the commonwealth.

It has apparently not occurred to Mr. Munson that the proprieties of the situation should prompt an aspirant for an office of this exalted character to respect the sentiment of the people which has been manifested upon many an occasion in absolute hostility to anything calculated to bring the judiciary into the game of politics or to besmirch the judicial ermine with the contaminating influence of a personal political campaign.

Pronounced Public Sentiment.

In Pennsylvania, probably more than in any other state, has it been agreed that candidates for the supreme bench should refrain from any act that might be construed as appealing for or soliciting votes or to influence a political campaign in any particular.

That an aspirant for the greatest office of a judicial nature in the gift of the people of the state should be found going from county to county, from borough to borough, from ward to ward, in a mad hunt for votes, touching elbows with all sorts and manner of men, good, bad and indifferent, with no evidence of a realization of the undignified, unwholesome and dangerous character of the canvass, has called forth a storm of protests such as would startle a man of ordinary sensibilities.

A Judge's High Ideals.

Judge Robert von Moschizker, ever since he was honored with a unanimous nomination for the supreme bench, has refrained from taking any part whatever in the political campaign. He spent the summer in Nova Scotia, and since his return has been industriously engaged in the performance of his judicial duties in the court of common pleas of Philadelphia. He has declined every invitation to address meetings, to attend receptions of a political character or to participate in public dinners where any reference might be made to his candidacy.

In his speech of acceptance of the nomination, Judge von Moschizker showed how much he respected public sentiment. Among other things he said:

The candidate for judicial office occupies a different position from other candidates. Under our customs he is nominated by the party convention and must reasonably look for the usual party support, but he is not in a position to discuss politics or the policies of his party, for the reason that when elected to the bench he has nothing whatever to do with politics or the carrying out of party policies. In fact, it becomes his duty, when elected, to forget that he was a candidate of any particular party and to proceed to administer the law for the whole people without regard to any principles or policies, save the principles of the law as he is given the power to understand them. Fortunately, these ideas have become fixed in Pennsylvania, and it is not my desire to make any departure therefrom.

Not a single word or a single act of Judge von Moschizker since that day can be pointed to that might be even twisted into a suggestion of an appeal for a solitary vote.

Policy of a Politician.

How different with his opponent, Mr. Munson. Mr. Munson is now on a tour of the state, shaking hands with all who will honor him with an opportunity to do so. A complete political machine, entirely independent of the regular Democratic state committee has been running in his special interest ever since he entered the race. Canvassers are out in the state, letters are being written to Republicans soliciting their support for his candidacy, and individual appeals are being made for "complimentary" votes for Mr. Munson from men of the majority party.

Every precinct politician understands the old "complimentary vote game."

It has been worked time and again to fool the unsophisticated, and it has time and again been successful.

What is a complimentary vote? It is just the same as any other vote, only that it is usually a vote gotten under false representation. The theory of the man who goes after votes of this character is that the man from whom he asks a complimentary vote is so ignorant that he does not know

Notice to the Public

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to their hired agents in country towns cheap and unreliable goods. We hereby warn our patrons as well as those of other reliable stores, to look out for stores that use our name and pretend that I am the owner of such stores.

Our Motto is: "Solid Leather Shoes at Popular Prices"

LOUIS BEIGEL

that he is voting against his party, his party nominee and his party's principles, just as positively and just as effectually as the man who has always been out in the open as an avowed political enemy of the party from whom the complimentary vote is solicited.

C. LaRue Munson, the Democratic nominee for associate justice of the supreme court of Pennsylvania, nominated in a Bourbon Democratic convention and placed upon a Bourbon Democratic platform, in which every principle of Republicanism is attacked, and particularly the fundamental principle of protection, which is a vital issue in the present campaign, presents a unique spectacle in the present contest in appealing for votes, "complimentary or otherwise, from Republicans of the Keystone State."

As the personal director of his own canvass, Mr. Munson should take himself into council and decide to abandon his present political campaign out of deference to the unquestionable and unquestioned public sentiment.

If he shall do this, his standing with the bar of Pennsylvania, after his overwhelming defeat on Nov. 2, will at least not be as low as it otherwise would be.

DISTRICT SUNDAY SCHOOL WORKERS WILL MEET HERE

Afternoon and Evening Sessions Sunday at Christ Lutheran Church.

SPEAKERS BEING SECURED

Efforts to Have Most Noted of Centennial to Make Addresses in the Evening.

Arrangements have been completed for the Sunday School convention of the First Washington county district or the Charleroi district of the Washington county Sunday School association, to be held at the Christ Lutheran church here on Sunday afternoon and evening. From the way matters are moving at the present time, it will be the most successful district convention ever held in this section. An effort is being made to secure for the evening two speakers that are in attendance at the Christian centennial in Pittsburgh, who are men of National repute.

The afternoon session will begin at 2 o'clock. Special music will be furnished, the M. E. orchestra to have charge of this. The evening session will begin at 7 o'clock, and it is likely that the Charleroi Choral society will have charge of the music.

In the afternoon the meeting will be known as a fellowship meeting, and 100 persons will take part. A mass meeting for the children will be held at this time in the Methodist church, which is only a short distance away. The evening session will be in the interests of the Organized Adult Bible classes, and forty organized classes will be represented.

The speakers who have thus far been engaged for the occasion are Rev. G. G. Kerr, county president of the Sunday School organization; Mrs. Mary Stewart, county secretary; B. S. Forsythe, a State secretary, and Rev. Murray Reiter, of Canonsburg. Messrs. Adlake and Crossfield are the two men whom the committee is trying to secure for the principal evening addresses.

Among the other features of the day will be reports from the State convention. There are a number of Charleroi people in attendance there, and each one will be given a few minutes in which to make a report. Officers will be elected for the coming year. The district includes 15 schools, 10 of them being in Charleroi. The others are Ebenezer, Speers, Dunlevy, Allenport and Vesta. Joseph Kenyon is president; T. J. Allen vice president; Miss Grace Gelder secretary and treasurer; Frank Villella, foreign secretary; Prof. W. D. Wright, now resident elsewhere, superintendent of teachers' training department; J. T. Hackett, superintendent of adult Bible class department; Miss Bernette McDonough, elementary superintendent; James Meyers, temperance superintendent. Reports will be heard from these different departments.

Field Meet Proves Rather Interesting

Not a Large Crowd at Monessen Event, but Races are Good.

The first annual field and track meet of the Monongahela Valley A. A. was held at Monessen yesterday afternoon, but was not well attended. The various events were pulled off, however, and proved interesting.

The five mile run was won by Frank Wiley, the noted runner of California, his time being 29 minutes. M. M. Lyle, of the same place was second.

COMMISSIONERS HERE YESTERDAY

Favor Lump Contract for Construction of Bridge Approaches.

CHARLEROI FALLS IN LINE

County Commissioners W. J. Smith, J. A. Berry, and Thomas Hill, and County Engineer Chaney were here yesterday to make arrangements if possible to let the work for the bridge approaches of the Maple Creek bridge in a lump contract. The bridge is in course of construction now, and it is necessary to have the approaches completed soon. The structure is over Maple Creek, from Lincoln boulevard into Speers borough.

The commissioners came over in the afternoon in an automobile, and were to have met representatives of both boroughs, the business to be transacted at once. Members of the Charleroi council and some from Speers were present, but not enough to take action.

Last night County Engineer Chaney appeared before the Charleroi council and they took action to the effect that they would agree to the letting of the contract for the constructing of the approaches in lump form. Speers borough council will meet tonight and take action on the matter. It is preferred to award the contract this way because it would be cheaper and more satisfactory. The commissioners and the Charleroi council are agreed and it is thought that the Speers council will fall in line. If so bids will be advertised for, to be presented to the two boroughs and the Board of Commissioners, so that each body may judge as to the cheaper method, and there be no delay in the awarding of the contract. The approach would probably be 300 or 4,000 feet in length and five or six feet deep, and 16 feet high.

Notice of Error.

We wish to call attention to an error in the setting up of the type in one of Murdock and McCarty's locals, which should read as corrected today, underwear at 42 cents per garment instead of 24.

Last week to get a Mercshaus pipe for 50 cents. Tee Hennings'.

GAS CHEAP DOWN RIVER

Monongahela Pays only 10 Cents Per Thousand Cubic Feet.

COMPETITION THE REASON

Monongahela people are happy from the fact that while the gas prices in other towns hereabouts are being raised they still maintain a very low rate. There are two companies in Monongahela, the Monongahela and Bellwood, and the Citizens. As a result of this competition the price is but 10 cents per thousand cubic feet, with a discount of five per cent for prompt payment. Until about three years ago the first named company had everything its own way, and charged 20 cents per thousand cubic feet. When the Citizens company located at Monongahela and cut the former price in half the Monongahela and Bellwood company had to do likewise. Both are home companies.

AFRICAN METHODIST CONFERENCE AT END

Charleroi Gets Same Minister it Has Had for Year.

Rev. G. G. Skinner has been returned to the pastorate of St. James A. M. E. church of Charleroi where he has been doing efficient work during the past year. The annual A. M. E. conference at Pittsburgh adjourned Monday afternoon after having been in session nearly a week. The assignment of pastors for the coming year was given out Monday, those for the South Pittsburgh district being as follows:

Presiding Elder—W. S. Lowery. Canonsburg and McGovern—C. A. McGee. Washington—T. J. Askew. West Middletown—B. Wheeler. Charleroi—G. G. Skinner. Pricedale—To be supplied. West Newton and West Elizabeth—T. A. J. West. Brownsville and Pike Run—M. A. Hunter. Uniontown—R. H. Morris. Clairton—J. A. Lotterbury. West Connelville—L. V. Jones. Donora—H. G. Payne. Belle Vernon—C. Addison. Greensburg—C. R. Goggins. Waynesburg—J. S. Smith. Monessen—H. G. Thomas. Braddock—C. M. Tannea.

ARE GAMES WON BEFORE PLAYERS GO ON FIELD?

That the games between Pittsburg and Detroit were decided before the players entered the field in the four contests played thus far, is the charge made this morning by a Pittsburg morning newspaper. It says that the games have been won in box offices and quotes a sporting man who says that he is absolutely satisfied that the games were not decided fairly. A player is said to have told a Pittsburg man, who reported the same to a Charleroi merchant that Pittsburg was "going to try hard to win the games," but advising at the same time the Pittsburg man not to bet on the results.

LEAVE FOR HARRISBURG

Local Delegates to Sunday School Convention go this Morning.

REV. KERR WILL SPEAK

The Charleroi delegates to the State Sunday school convention, which opens today at Harrisburg, and continues three days, left early this morning for Harrisburg. In Pittsburg they will join the Washington county delegation and with them make the trip. In the Charleroi party were Rev. G. G. Kerr, and son, Gibson, Misses Grace Gelder and Jessie Speers, from the Washington Avenue Presbyterian church; Rev. J. T. Hackett and Miss Mabel Strasser from the First Presbyterian church. Mrs. D. F. Wortington, representing the Christ Lutheran Sunday school is already in Harrisburg.

Rev. Kerr goes not only as a Charleroi delegate, but he will also speak both on Thursday and Friday. On the former day he will make an address on "Saving the Boys," and on Friday, his topic will be "The Home Department as a Spiritual Force." H. J. Heinz, of Pittsburg is the president of the State Association.

LENHART MUST SERVE SENTENCE

Superior Court at Philadelphia so Decides Recently.

The Pennsylvania Superior Court sitting at Philadelphia affirmed the judgment of the Washington county court in the case of the Commonwealth against William L. Lenhart, convicted last February of conspiracy to defraud the Peoples Bank of California and sentenced on February 20, to pay the costs, fine of \$500 and undergo imprisonment in the Western penitentiary for a period of two years. O. F. Piper, the former cashier of the bank, is now serving out a sentence of two years in the penitentiary in connection with the same charge. The latter was sentenced on February 22, 1909, after the disposition of the Lenhart case. A year before Piper had entered a plea of nolle contendere to the charges against him in connection with the wrecking of the Peoples Bank of California.

The affirmation by the appellate court of the lower court's decision means that Lenhart must surrender himself to the sheriff and be taken to the penitentiary to begin his sentence. If he fails to surrender he will forfeit the \$5,000 bond that he filed, pending the appeal. It is not likely that the case will be taken any higher.

To take an appeal to the Supreme Court it is necessary that an affidavit be filed averring that there is a constitutional question involved. It is understood that Lenhart is at present in Chicago where he has been employed by the Armour company.

MILK QUESTION AGAIN UP BEFORE BOROUGH COUNCIL

Charleroi Stands Good Chance of Being Chosen

Many Friends in Lutheran Synod who Favor this as Next Meeting Place.

It is not there thought will be any trouble experienced in getting the Lutheran Synod which convenes Thursday at Beaver, to hold their next convention at Charleroi. Rev. Frantz said this morning that the movement was started last year, and had been pushed at every opportunity since. He has quite a number of good friends in the synod who are assisting him to get the convention to come here.

COMMISSION DOES NOT STOP HERE

Covering the Monongahela Division and South Western Parts Today.

HEARING TROUBLE STUNT

The Pennsylvania State Railroad commission, consisting of Judge Nathaniel Ewing of Uniontown, John Y. Boyd of Philadelphia, Charles N. Mann of Harrisburg, and Harry S. Calvert of Pittsburg, passed through Charleroi this morning at about 9:30 o'clock on a special train, but did not stop. They are investigating condition over the various roads of the State having been specially appointed for this purpose. They listen to complaints and will afterwards make their report. They went on to the Monongahela road this morning, and before evening, when they will return to Harrisburg, expect to cover part of the B. and O. tracks and some more of the Pennsylvania. Their principal stunt seems to be the hearing of grievances.

BETTER SCHOOL ORGANIZATION

Kansas Has Better System than Pennsylvania Says Prof. Wright.

Prof. W. D. Wright of St. John, Kansas, late superintendent of the Charleroi public schools, writes a most interesting letter to the Mail, which his many friends here will be delighted to read. Prof. Wright resigned his position here on account of the ill health of his little daughter and is now located at St. John, where he is assistant principal in the high school and normal department. He says:

To the Mail: It is now a little more than four months since I left your city with all its allurements for the great west with nothing to attract one but wheat and cornfields, no amusement parks, no electric roads, no great theatres, no hills and valleys with all their beauties, no friends, only strangers, "Jayhawkers," and hills, "devil's claws" and storms. (Continued on Third Page).

Committee Present from Association and Matter is Discussed.

MAY BE SETTLED SOON

Special Committee Appointed to Meet With One to be Named by Dairymen.

At last there is some prospects of the much discussed milk question being settled. Last evening a committee composed of Floyd Bonnell, William Sphar, Van Robison and Noah Carson of the Milkmen's Association, met with council and the ordinance recently passed concerning the sale and delivery of milk in Charleroi discussed. As a result a special committee was appointed from council consisting of James Frew, H. S. Pier-sol and C. O. Frye to meet with one to be appointed by the milkmen on Friday evening, both to be given power to act. At the meeting to be held soon thereafter it is hoped to accomplish some results.

An ordinance from the West Side Street Railway company, in which they promised to deed part of certain property at the northern end of town to the borough in return for certain rights, passed first reading. As was previously stated in these columns, the company desires to erect a car barn at the lower end of town, and wants to gain part of the ground where Lincoln avenue now is. It is also proposed to change McKean avenue and have it "opened up," 46 feet in width, from Thirteenth street to the intersection of this borough with North Charleroi.

Garbage Hauler Samuel Nutting was present and stated that he would pay his debt to this borough this morning. He said that he was putting his wagon in sanitary shape. William Gault's bill of \$1,186.96 for rebuilding the garbage plant was presented and ordered paid, with instructions to Mr. Gault to make a few changes in the plant.

The tax collector's report for the past month was read and accepted. It showed that \$22,468.86 had been placed in the hands of the treasurer. Ninian Fram was elected borough electrician to take the place of Walter Crow, resigned.

MONESSEN MEN WON'T EVEN SO MUCH AS HELP THEIR WIVES PREPARE MEALS

Leave the Work of Maintaining Home to Better Halves, it is Said, While They Work

Because he refused it is said to so much as carry a bucket of water for his wife, who is forced to keep boarders to make a living, Charles Poth of Monessen was taken to jail at Greensburg this morning to await a hearing on the charges of desertion and non-support. He was held for court by Justice Watkins at a hearing last night.

David Fritz of Monessen is in the Monessen lockup, awaiting a hearing of charges of desertion and non-support, while it is said, his wife will make. She has heretofore been the breadwinner, it is stated.

Law and Religion.

In an address at the Knights of Columbus banquet in Pittsburgh last night Bishop Regis Canevin of the Pittsburgh Catholic diocese, struck the keynote of Christian citizenship when he said:

"The sacredness of contracts and oaths and promises, the sanction of laws, the justice of courts, all rest upon the obligations of religion. Without authority and obedience and justice society would perish by fraud and violence; without mutual confidence in contracts and promises, no civil life could be held together. The last and only security a people can have for the justice of rules, legislatures and courts of justice is that they recognize a supreme law as their guide and a supreme law giver from whom they derive their authority to bind the wills of men. 'Let every soul be subject to the higher powers, for there is no power but from God and those that are ordained of God. Therefore he that resisteth the power, resisteth the ordinance of God and they that resist purchase to themselves damnation.'"

"This is what the obligations of religion impose upon the individual, and which in turn makes him a good citizen. It is only by the general observance of these obligations that law, order and personal liberty are maintained, and on which depend the free and progressive development of every intellectual faculty with which the individual is endowed. The relation of the church to law and government is therefore obvious. Religion is the keynote of civic righteousness."

No Tax on Whisky.

At the big Christian Church Brotherhood meeting in Pittsburgh last night a new feature was introduced in the fight against the liquor traffic, which bids fair to become a National issue. This is the abolition of the Federal tax on liquor, and the substitution of the tax on incomes to supplant the revenue derived from the internal revenue tax. The proposed Constitutional amendment permitting this income tax was heartily endorsed by the Brotherhood, and Senator George T. Oliver of Pittsburgh, Congressman Wm. H. Graham of Allegheny county and Congressman Champ

matter is directly in the hands of the people. The Federal system, of taxation has long been a stumbling block in temperance legislation, in that the need of this revenue by the Government is obvious, and no other source of taxation presented itself. Now that the income tax is possible, the issue has been launched to substitute this for the system of whisky, beer and wine taxes. The Christian Brotherhood has issued a call for all the church organizations to take the matter up, and it is probable that the issue will figure largely in the work of advancing the cause of temperance and sobriety in the future.

State Uniformity.

Prof. W. D. Wright's letter from St. John, Kansas, in which he gives a brief outline of the uniformity as to course of study in the Kansas schools, calls attention to the serious defect in that respect that exists in our own schools. In point of organization and uniform work Kansas is far and away ahead of Pennsylvania in the conduct of her public school.

Pennsylvania has lost much time and effort in its school work, by leaving the organization and courses of study in the hands of the local officials. This is particularly the case in the rural schools where rotation of teachers keeps the schools from advancing year after year. With a different system of text books in practically every district a new teacher has no means of knowing the standing of the pupils of an ungraded school, and must make a new start each term. One pupil cannot step from one school into another without a break in the course, as can be done where uniform courses and text books prevail. A lack of this system has been a great detriment to the public schools of Pennsylvania, in spite of the liberal appropriations made for school purposes.

It was this system of uniformity that was adopted in Japan when popular education was made compulsory in the Flowery Kingdom; the progress of which has been a marvel of the age. By adopting this method Japan accomplished in a generation what many of our own States have not yet attained after several generations of effort. As a rule our borough schools do not suffer so much in this respect, but the rural schools are badly handicapped for lack of organized and uniform effort.

FIRST BIG GAME HERE SATURDAY

The first football game of the season of the Charleroi football team will be played here Saturday afternoon, when the Brownsville team will line up against the locals. The game will be started at 3:30 o'clock, and a good clean contest is expected. The field will be in the best of shape and well roped off, so that there will be no crowding of the teams. The Brownsville team is one of the fastest along the valley, and already in the few games played has gained considerable of a reputation. It is argued that Charleroi will have the strongest team in its history, and make the visitors hustle for all they get. Both teams will weigh in the neighborhood of 160 pounds.

A Fashion Garrick Killed.
 Women of England in the eighteenth century wore large hats. Samuel Rogers once traveled to Ranelagh in the same coach with a woman who was compelled to sit on a stool on the floor of the coach on account of the inconvenient height of her headdress. Hannah More, who was all for simplicity in costume, writes in her diary that she has seen women wearing on their heads "an acre and a half of shrubbery, besides slopes, grass plots, tulip beds, clumps of peonies, kitchen gardens and greenhouses." The credit of killing this fashion is given to Garrick. He appeared one night on the stage with a mass of vegetables on his head and a carrot suspended from each side, to the shame and confusion of many fair members of his audience.

BETTER SCHOOL ORGANIZATION

(Continued from First Page.) and jackrabbits; to help a fellow get a foot hold. We struck a comparatively young town as you may see by the printed matter on the back of this sheet.

I with my family arrived in St. John on June 17, 1898, right in the midst of a Kansas rain. This lasted for three days and then came along drought which lasted till the 4th day of August. This suited us splendidly, for immediately upon our arrival here we decided to erect a house for our home, feeling that with all the improvements here we could not lose even though we should stay only one year. During this time we lived almost entirely outdoors, which we feel was a splendid thing for our daughter Lillian, as she gained right along until she became better than she ever was in her life. She continues so to this day.

While this dry season was very favorable to us it was very hard on garden truck and potatoes. Later frost had destroyed most of the fruit and this dry spell completed the job. We have absolutely no fruit of any kind and very little garden produce, but this is the exception and not the rule for this district. Apples are selling at \$1.20 to \$2.00 per bushel and still going up. The best steak sells at 15 cents while roast and boils range from 6 to 10 cents; eggs 15 to 20 cents and butter 15 to 25 cents per pound.

The farmer is the rich man of this district. This is due to the productivity of the soil. I have met several renters who have cleared up from three to five thousand dollars during the last wheat harvest, and several landlords who have received a thousand or more on an investment of from four to six thousand dollars. The wheat harvest here yielded from 16 to 42 bushels per acre.

Interesting as these things are to me, the schools are even more attractive. Kansas has State uniformity of text books and courses of study from the five year old child to the graduate of the Kansas University. I wish I could tell you the particulars of the splendid State organization of schools here. The State department is directly interested in the teacher of the rural school of only two pupils, and it lends a most helpful hand through the department of county superintendence.

I teach four classes each day. Each class requires forty minutes of my time. I have no other responsibility, and can utilize the other time as I see fit. We have six teachers in the High School and about 125 pupils. What do you think of that for a town of about 1,600 population?

We are all happy and well and enjoying the blessings of sunshine almost every day. There have been only two days since we arrived here that we have not seen the sun for an hour or more. This is accurate for I am keeping a record of the weather for the sake of our child.

W. D. WRIGHT.

The printed matter referred to by Prof. Wright states that St. John is the county seat of Stafford county, and has a population of 1,600. The town has a \$40,000 system of electrical lighting and water works; a ten-room high school building, a \$12,000 convention hall.

With a capital stock of \$50,000; a flouring mill involving a capital of \$150,000; two banks with nearly \$1,000,000 in deposits; and seven churches. Fifty houses have been built here in one year, and the claim is made that real estate has doubled

in value during the year 1900. For a town of only 16,000 this is "going some."

MEDELSSOHN CHORUS

PREPARES FOR SEASON

Every preparation has been made by the Mendelssohn Male Choir for the greatest triumph of its history at its initial concert this season at Carnegie Music Hall, Pittsburgh, October 29, when the great Greek tragedy, "Antigone," set to music by Mendelssohn, will be rendered with the assistance of David Bispham, the celebrated baritone and dramatic reader, and the augmented Pittsburgh Festival Orchestra. Many rehearsals have been held by the Mendelssohn Choir and the attendance has been almost perfect. Conductor Ernest Lunt believes that the coming concert will surpass anything ever before given in Pittsburgh.

A schoolmaster who is in the habit of selecting extracts from his morning newspaper for dictation exercise read the other day a passage in which occurred the term "dead beat."

"Jones," said he, addressing an inattentive pupil, "what do you mean by 'dead beat'?"

"Please, sir," the youngster replied, "it's the beat of the place bad people go to when they're dead."—London Schoolmaster.

TO AILING WOMEN

A Little Sound Advice will Help Many a Sufferer in Charleroi.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladder become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache, sideache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that cures sick kidneys. You will get better and health will return when the kidneys are well. Let a Charleroi woman tell you about Doan's Kidney Pills.

Mrs. M. E. Richards, 616 Washington avenue, Charleroi, Pa., says: "A short time ago I was suffering from severe pains in my back, which extended into my head. I was also subject to chills and spells of dizziness, during which dark spots appeared before my eyes. I was nervous and constantly worn out. I knew of Doan's Kidney Pills, having used them for backache before and I procured a box of this remedy at Piper Bros.' drug store. It required the use of just one box of Doan's Kidney Pills to cure me and I gladly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

MUST KEEP BENCH FREE OF POLITICS

Munson, Democratic Nominee For Supreme Court, Criticised.

HIS TACTICS CONDEMNED

Touching Elbows With All Kinds of Politicians in Tour of the State and With a Pathetic Appeal For "Complimentary" Votes From Republicans.

[Special Correspondence.]
Harrisburg, Oct. 12.

Members of the judiciary and lawyers generally throughout Pennsylvania are commenting adversely upon the remarkable campaign that is being conducted by C. LaRue Munson, the Democratic nominee for associate justice of the supreme court, in his own behalf.

This ambitious gentleman has cast aside all regard for precedent and has ignored traditions of the legal profession in making a political canvass for election to the highest judicial tribunal in the commonwealth.

It has apparently not occurred to Mr. Munson that the proprieties of the situation should prompt an aspirant for an office of this exalted character to respect the sentiment of the people which has been manifested upon many an occasion in absolute hostility to anything calculated to bring the judiciary into the game of politics or to besmirch the judicial ermine with the contaminating influence of a personal political campaign.

Pronounced Public Sentiment.

In Pennsylvania, probably more than in any other state, has it been agreed that candidates for the supreme bench should refrain from any act that might be construed as appealing for or soliciting votes or to influence a political campaign in any particular.

That an aspirant for the greatest office of a judicial nature in the gift of the people of the state should be found going from county to county, from borough to borough, from ward to ward, in a mad hunt for votes, touching elbows with all sorts and manner of men, good, bad and indifferent, with no evidence of a realization of the undignified, unwholesome and dangerous character of the canvass, has called forth a storm of protests such as would startle a man of ordinary sensibilities.

A Judge's High Ideals.

Judge Robert von Moschizsker, ever since he was honored with a unanimous nomination for the supreme bench, has refrained from taking any part whatever in the political campaign. He spent the summer in Nova Scotia, and since his return has been industriously engaged in the performance of his judicial duties in the court of common pleas of Philadelphia. He has declined every invitation to address meetings, to attend receptions of a political character or to participate in public dinners where any reference might be made to his candidacy.

In his speech of acceptance of the nomination, Judge von Moschizsker showed how much he respected public sentiment. Among other things he said:

The candidate for judicial office occupies a different position from other candidates. Under our customs he is nominated by the party convention and may reasonably look for the usual party support, but he is not in a position to discuss politics or the policies of his party, for the reason that when elected to the bench he has nothing whatever to do with politics or the carrying out of party policies. In fact, it becomes his duty, when elected, to forget that he was a candidate of any particular party and to proceed to administer the law for the whole people without regard to any principles or policies, save the principles of the law as he is given the power to understand them. Fortunately, these ideas have become fixed in Pennsylvania, and it is not my desire to make any departure therefrom.

Not a single word or a single act of Judge von Moschizsker since that day can be pointed to that might be even twisted into a suggestion of an appeal for a solitary vote.

Policy of a Politician.

How different with his opponent, Mr. Munson. Mr. Munson is now on a tour of the state, shaking hands with all who will honor him with an opportunity to do so. A complete political machine, entirely independent of the regular Democratic state committee has been running in his special interest ever since he entered the race. Canvassers are out in the state, letters are being written to Republicans soliciting their support for his candidacy, and individual appeals are being made for "complimentary" votes for Mr. Munson from men of the majority party.

Every precinct politician understands the old "complimentary vote game."

It has been worked time and again and has been successful.

What is a complimentary vote? It is just the same as any other vote, only that it is usually a vote gotten under false representation. The theory of the man who goes after votes of this character is that the man from whom he asks a complimentary vote is so ignorant that he does not know

Notice to the Public

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to their hired agents in country towns cheap and unreliable goods. We hereby warn our patrons, as well as those of other reliable stores, to look out for stores that use our name and pretend that I am the owner of such stores.
